

LEICA LINO L4P1

Product number :16719000

Topfeatures

- Easy levelling and alignment.
- Simple 90° measurement with clearly visible laser lines.
- Quick plumb - simply transfer points from the floor to the ceiling.
- Clever power supply concept: rechargeable battery and batteries are interchangeable.

All special features at a glance

- Powerful and versatile: Leica LINO L4P1 for all indoor applications.
- 180° vertical and horizontal lines & 5 layout points.
- The LINO L4P1 can be rotated 360° over a selected point. The fine adjustment supports the precise alignment of the vertical laser line and enables fast measurement work in entire rooms.
- Innovative Li-Ion energy: Rechargeable Li-Ion batteries save costs because there is no need to constantly replace alkaline batteries.
- Always ready for use even if you forget to charge the battery. Simply replace the battery with standard alkaline batteries.

Description

The Leica LINO L4P1 is a versatile and powerful multi-line laser recommended for interior alignment work. The 180° vertical and horizontal lines or the five layout points allow quick height transfer from wall to wall or between floor and ceiling. In addition, the L4P1 can be rotated 360° over a selected point for extremely easy and effortless staking throughout the room.

Technical Details

Number of laser lines / laser points	4 / 1
Battery type	Li-Ion battery (and alkaline batteries 4 x AA, 1.5 V)
Operating / storage temperature	- 10°C to 50°C / - 25°C to 70°C
Accuracy	1.0 mm per 5 m
Size / Weight	H 181 mm, Ø 147 mm / 1173 g
Laser class / type	Cl. 2, 635 nm
Running time Li-Ion battery	24 hours
Reach	up to 15 m / approx. 80 m with laser receiver
Protection class	IP54
Self-levelling range	± 3°
Tripod connection	1/4", 5/8"
Beam direction	180° vertical / 180° horizontal

Scope of supply

MIT DEN BESTEN MESSEN

Lino L4P1, Red target plate, Battery and battery compartment, Charger with four adapters, Carrying case
